Step 5: You are now ready to make your bookings using the package (you will need the package certificate code – in the package confirmation Email). To make bookings with your package, book a slot just as you would without using a package - select to **Book now** from our website and select either a half hour or 1 hour session as normal (whichever type of session your package was for). Please note: Package users only need to specify and pay an additional fee for a booking if you are bringing 6 (additional £2) or more additional dogs. Package users bringing 5 dogs to a package booking do not need to specify any additional dogs. Next choose the paddock you wish to book for, the desired date/time, then enter your personal details (first name etc) as normal. After entering your details and selecting to agree to the terms and conditions plus accepting to receive reminders, select the **CONTINUE TO PAYMENT** button as normal.

Step 6: Now on the Payment information page, enter the package **Certificate code** (you can find this in the package purchase confirmation Email) into the **Package, gift or coupon code** section then select the **Apply** button that appears. You will now be able to select to **confirm** your booking, without having to pay, due to using one of your package slots.
